*The market leader*

# Hush Baby ...specifications

Models	MGK 6000	MGK 8000	MGK 10000
<b>GenSet rating (Single Phase)</b>			
Synchronous Generator	GenSet	GenSet	GenSet
Single phase power	6.0KVA 240V AC	8.0KVA 240V AC	10.0KVA 240V AC
Single phase power	6.0KVA 110V AC	8.0KVA 110V AC	10.0KVA 110V AC
Frequency (Hz)	50	50	50
COSFI	0.8	0.8	0.8
Insulation Class	F	F	F
Mechanical Protection	IP23	IP23	IP23
<b>Kubota Engine</b>			
Type	Z482	D722	D722
Number of Cylinders	2	3	3
Displacement (cc)	479	719	719
Power (HP)	9.5	13.6	13.6
Engine Speed (rpm)	3000	3000	3000
Cooling System	Water	Water	Water
Fuel	Diesel	Diesel	Diesel
Fuel Tank Capacity (litres)	30	30	30
Fuel Consumption (litres per hour)	1.5	2.2	2.2
Average operating per hour	20	14	14
Oil Capacity (litres)	2.5	3.8	3.8
Starting system	Electric	Electric	Electric
Battery Capacity	12V 43AH	12V 43AH	12V 43AH
Acoustic power	92LWA	92LWA	92LWA
dBA at 7 metres	67	67	67
<b>GenSet Characteristics</b>			
Weight (kg)	230	300	300
Dimensions without undergear(mm) (l x w x h)	1050 x 630 x 775	1050 x 630 x 775	1050 x 630 x 775
<b>Applications for</b>			
Domestic, Industrial, Offshore work, Shipyards, Hospital, Utilities, Railways, Corporate Hospitality, Outdoor Sports Event, Concerts, Exhibitions and Shows.			

## Optional Extras

- Wheelbarrow type handles and wheels
- Chalwyn valves
- Spark arrester silencer
- Various power outlet socket configuration to suit your requirements
- *Hushlight* Tower attachment
- Road Tow undercarriage

# ...features and benefits

FEATURES	BENEFITS
6.0kVA, 8.0kVA and 10.00kVA at 240V single phase 6.0kVA, 8.0kVA and 10.00kVA at 110V single phase	Dual voltage AC power outlets for more varied use
Circuit breaker protection on 110V power outlet	Reduces the risk of short circuit and injury
E.L.C.B. protection on 240V power outlet	Reduces the risk of injury due to earth fault
Super silenced	Very quiet low noise pollution
110V centre tapped to earth (55V 55V)	Site safe voltage
Brushless alternator	No maintenance
Low oil pressure shutdown with warning light	Reduces the risk of engine seizure due to lack of oil
Low fuel level shutdown with warning light	Reduces the risk of fuel related maintenance e.g. No need to bleed fuel system and does not allow contamination from bottom of tank
Failure of battery charging system shutdown with warning light	Reduces the risk of flat battery
High water temperature shutdown with warning light (this does not work if water level is low)	Reduces the risk of engine overheating
Powder coated paint finish	Hardwearing
Owners technical manual and parts book	Which instruct on the best use and maintenance
Electric start	For ease of starting
Hourmeter	Helps regulate service intervals
Compact design	Highly portable
Voltmeter	Gives accurate output voltage reading
Central lifting eye	Allows for ease of movement
Fuel gauge	Allows you to gauge fuel level
Tilting canopy	Easy access for servicing
Base mounted fuel tanks	For convenient refuelling
Large fuel tanks	Extended running time
Vibration free	Suitable for Tower Light mounting
Voltage changeover switch	Maximises output
Thermal overload protection	Reduces the risk of stator failures

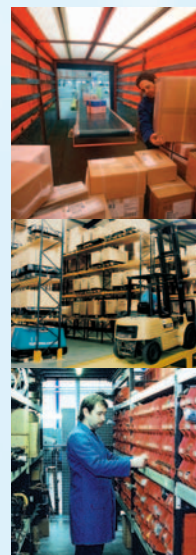

## *Hush Baby* Parts & Service

GenSet parts and service packages offer our customers genuine parts replacement direct from the manufacturer, and an instant response from our service engineers that guarantees customers peace of mind.

All *Hush Baby* generator parts programmes offer a full one year parts and labour warranty, subsequently GenSet offer customers complete support throughout the generator's lifetime,

GenSet engineers are highly trained to offer machine inspections and repairs, service agreements and product/service training.

The GenSet aftersales policy provides a comprehensive package of support during the machine's working life, our aim being to minimise downtime and maximise the revenue potential of the machine.

## Other Products from GenSet plc.

- Generators 2 to 500 kVA
- Standard and special Vehicle mount type generators for Accommodation Welfare units
- Completely 'Self Contained Power Systems 2 to 500 kVA
- Lightweight Generators to 100 kVA
- Lighting Towers, Demountable, Super Silent, 1500rpm, Traditional, Halogen, and Metal Halide
- Super Silent Contractors Pumps 4 to 12 inch
- Welding machines 130 to 600 amps, diesel and electric
- Standard and Bespoke Power products and systems for Rail, Military, Domestic & Leisure, Telecommunications & IT, Industrial, Oil and Gas, Water & sewage, Marine, Rental, Mining & Quarrying, Agriculture and Building & Construction
